11 Before 11 Experiences

*The **11 Before 11 Experiences** will be the approach we will use to structure growth in our student's social capabilities and habits.*

Simply explained, we will organise eleven experiences for the children that will inspire and challenge them by the time they turn eleven years old (end of Year 6).

The social value of these eleven activities will aim to grow our Goodna Heroes to become confident and creative individuals, successful lifelong learners and active members of community.
