

RE: BUILDING WORK AND A CONSTRUCTION ZONE ON THE GOODNA STATE SCHOOL SITE

Dear Parents/Caregivers,

For some time, the Department of Education has been planning the construction of a new 10 classroom multi-story building at Goodna State School in order to relocate the school's Prep classes to the main campus. Following a full consultation and ministerial approval process, I am very excited to announce that demolition and construction will begin over the upcoming holiday period, with the project estimated to be due for completion in Semester 2, 2019.

This project is stage 1 of a larger masterplan, and will incorporate:

- a new classroom building (designed specifically for Prep and Year 1) on the site of the existing outdoor basketball court next to the hall
- a new drop off/pick up zone along the front of the hall
- terraced play areas and other landscaping.

Please note: a large construction zone with temporary fencing will be set up and managed by the construction company. Site entry and exits will be for construction vehicles only and the fence line will run completely around the entire area of the hall, a small part of the oval and around the existing outdoor basketball court. Although the school will still have access to the hall, the fenced area will be completely out of bounds at all times. Access to the hall will be from the oval side and limited access from the street into the foyer of the hall for before/after school care and community events. Further information will follow as we know more after the holidays.

We are very aware that this project will cause disruption to the existing operation of the school. However, we are thrilled that the new building will provide for future enrolment growth, as well as opportunities for students to access the latest technology and innovation and provide teachers with state-of-the-art teaching resources. Goodna State School Prep is incredibly excited to be joining the main school site and to be involved more collaboratively with the rest of the school.

Please contact me if you have any questions.

Regards,

Daniel Dempsey (Principal)
